Revit MEP

Earn the Autodesk Certification that's right for your career.

Forge your future-with Autodesk Certification. Learn more and get started at [www.autodesk.com/certification](http://www.autodesk.com/certification)

Today's job market is both crowded and complex. Job seekers need any advantage they can get to help them land the best jobs and empower their success. With Autodesk Certification, you gain a competitive advantage that not only boosts your productivity and value, it also provides an industry recognized endorsement of your expertise.

#### Free Autodesk software and resources for students

The Autodesk education community is an online resource for educators and students to download the same software used by professionals worldwide-for free. Additional learning resources and tools can be accessed to design, visualize, and simulate ideas. Connect with other learners to stay current with the latest industry trends and get the most out of your designs. To learn more, visit [students.autodesk.com](http://students.autodesk.com)

#### Autodesk Certified User

Those who are relatively new to Autodesk software and want to demonstrate basic proficiency can seek to become certified users. Certification at this level demonstrates a commitment to academic success or career development.

Find out more from certiport, the exclusive provider for the Autodesk Certified User program. [www.certiport.com/autodesk](http://www.certiport.com/autodesk)

#### Autodesk Certified Professional

Those who possess more advanced skills and can solve complex work flow and design challenges will, in most cases, pursue recognition as certified professionals. Certification at this level demonstrates the skills needed to stand out from the competition and pursue career advancement.

#### Autodesk Certified Specialist

Those who possess a competency in specialized workflow or mastery of an Autodesk suite can earn a Certified Specialist credential. Certification at this level demonstrates the ability to design innovative solutions across multiple technologies. Learn more and locate an Authorized Certification center at [www.autodesk.com/certification](http://www.autodesk.com/certification).
